JOHN YARDLEY

"The Reserva series embody the ultimate in quality sables - there is nothing more to be said"

(London, UK)

John Yardley is a leading expert in mainstream watercolor whose work is known over three continents. A master of simplification, Yardley prefers the intimacy of interiors and streetscapes to wide open landscapes. His lightness of touch is remarkable for its spontaneity and the ability to capture movement with limited well-placed strokes. His work is the subject of many publications and DVDs.

According to Yardley, the only brushes he has ever used are made of the best sable hair. He uses a wide range of Escoda Reserva brushes, stating that they are a "must" for their resilience and "pointedness." His set includes 3 round Reserva brushes size 6, 10 and 12.
